Phase/Task	Customer responsibility	Collibra responsibility
Provide guidance and examples of successful Collibra adoption tools, approaches, and methods	<ul style="list-style-type: none"> • Participate in adoption workshop • Implement adoption oriented Collibra capabilities with Resident Architect guidance • Participate in Collibra roadmap session(s) 	<ul style="list-style-type: none"> • Conduct an adoption recommendations workshop • Involvement in specific adoption-related initiatives (like dashboard design) • Support initiatives leveraging Collibra user experience features for increased adoption • Preview upcoming Collibra roadmap release detail and map new features to your planned use cases

Operational excellence		
Phase/Task	Customer responsibility	Collibra responsibility
Proactive review, assessment, and recommendation activities	<ul style="list-style-type: none"> • Run Op Model Diagnostic workflow • Participate in review sessions 	<ul style="list-style-type: none"> • Periodic Operating Model Diagnostic recommendations • Other assessment and recommendation activities such as a Health Check, Program Assessment or 360° Assessment

Out of scope

Any and all tasks not detailed in the IN-SCOPE section above are considered out of scope, including:

1. Workflow development.
2. Configuration of custom asset pages.
3. Configuration of Reference Data, Policy Manager, and Data Helpdesk modules of Colibra Data Governance Center.
4. Database administration (DBA) responsibilities including configuration or administration of database servers and database software.
5. Knowledge of third-party software APIs and interface mechanisms.
6. Use of third-party test automation software or test automation expertise.
7. Custom report development using third party tools.
8. Integration with other systems.
9. Data preparation and sourcing or extraction of data from the source systems.
10. Design, configuration and implementation of high availability or disaster recovery environments.
11. Program management is the responsibility of Customer including all communication with the steering committee.
12. Any development with the DGC Java API or REST API.
13. Installation, configuration, use or administration of any third-party software not provided by Colibra.
14. Organizational Change management activities such as communication planning, organizational design or role mapping.

Assumptions

1. Customer will provide requested information for analysis, design or integration, as relevant, in the project.
2. Customer will identify stakeholders representing line-of-business data stewards, and the data office to participate in the project starting at kickoff.
3. The Customer will provide machines and network access if Colibra consultants are not permitted to use their Colibra issued laptop (Mac or PC).
4. Customer will provide remote access to Colibra staff to the Colibra environments in-scope.
5. Documents will be delivered using Colibra templates, format and content.
6. Colibra personnel shall be deployed during Colibra's normal operating hours in the location of work.
7. For Resident Enterprise Architect, Colibra personnel is allocated up to 20 hours a month, expiring monthly, or for Resident Enterprise Architect Premium up to 40 hours a month, expiring monthly.
8. Duration is set forth by the executed Order Effective Date and Order Term. Colibra shall not be obligated to perform any Services or provide any Deliverables after the Order term expiration. The parties will negotiate in good faith a change order should any additional days/hours be required beyond the Order term expiration.
9. Customer acknowledges that Colibra may utilize subcontractors in its performance of the Services hereunder.
10. Customer acknowledges that the expected schedule is based on Colibra's industry experience. While performing the Services hereunder, Colibra may encounter unforeseen circumstances that increase the effort required to fulfill its obligations. Therefore, Customer hereby agrees that should Colibra require any additional hours and/or days to complete the objectives in the Description of Services, the parties shall mutually agree upon a change order setting out the amended scope and/or fees for such additional hours. Colibra shall use its best efforts to provide to Customer as much advance notice of any such additional hours as possible.
