Collibra Privacy & Risk for CCPA

Implement a sustainable approach that evolves with regulatory changes

The California Consumer Privacy Act (CCPA) is finally here. In order to maintain compliance, organizations need an effective and efficient solution that brings their data and business processes in adherence to the dynamic regulatory needs.

Collibra Privacy & Risk for CCPA provides a data privacy framework designed specifically for CCPA, with pre-configured content like data categories, workflows, reports, dashboards, traceability diagrams and more. With Collibra Privacy & Risk, organizations can realize faster time to CCPA compliance while implementing a platform that can be easily extended to support compliance with new national and international regulations.

Benefits

- **Quick ROI**
  Utilize out of the box templates to quickly get started implementing CCPA and achieve faster time to compliance

- **Reduce third-party data exchange risk**
  Track and manage third-party data exchanges to assess risks. Effectively document exposure to critical systems and mitigate business impact

- **Operationalize privacy policies**
  Govern privacy policies in a centralized location. Define and document workflows, traceability diagrams and process registers

- **Optimize governance of restricted data**
  Automate mapping to data categories ensuring restricted data is effectively categorized and used for ongoing CCPA compliance as the law evolves
Product Highlights

Conduct assessments
Utilize best practice assessment templates and create bespoke assessments for purposes, such as data protection impact or risk identification examinations

Deepen visibility into data sharing agreements
Get on top of data sharing agreements and data sales to third parties, including contracts and service level agreements

Report on compliance progress
View intuitive dashboards to understand the state of CCPA compliance at a glance. Export intelligence to PDFs to evidence compliance to stakeholders

View traceability diagrams
Visualize compliance risk, where data is exchanged between systems and how workflows are impacted by the movement of data

California Consumer Privacy Act (CCPA)
Bill (SB) 375 of the California State Legislature of 23 September 2018 on privacy rights and consumer protection for the residents of California, United States.
